

## HPLC Inc. Student Travel Awards Program

HPLC, Inc., a non-profit corporation managed by the U.S. members of the Permanent Scientific Committee of the HPLC International Series of Symposia, will provide travel awards to Ph.D. students or post-doctoral fellows conducting research in the U.S. These yearly awards commenced with the HPLC 2006 meeting in San Francisco.

Travel awards will be presented to students who will present either an oral or poster contribution at HPLC 2014 in New Orleans. Up to 8 travel awards will be presented to U.S. students or postdocs. Candidates must certify that they will not be receiving any other travel awards to attend the conference, except for supplementary funds from their home institutions.

We invite you to nominate one candidate from your group for such an award. The candidate must attend HPLC 2014 in New Orleans and present either an oral or poster contribution. The nomination packet must be emailed and should consist of:

1. nomination letter from the Ph.D. or postdoctoral supervisor describing the research to be presented at the meeting, as well as an evaluation of the progress of the candidate in his or her research project,
2. copy of the abstract and abstract number submitted to HPLC 2014 by the candidate or on his/her behalf by the supervisor,
3. CV for the candidate, and
4. statement that the candidate will not be receiving any other travel awards, except for supplementary funds from their home institutions.

**Nominations must be received by March 15, 2014**, for consideration for an award for HPLC 2014. The committee deciding on the awardees will consist of the directors of HPLC, Inc.: Dr.'s Frenz, Guiochon, Hancock, Karger and Yeung. The final decision of the committee will be communicated to the candidates by April 1, 2014.

We encourage you to submit a nominee for these travel awards. In this way, we hope to help develop the next generation of scientists in the liquid phase separation area. Nomination packets must be emailed by March 15, 2014 to Prof. Edward Yeung at [edyeung@iastate.edu](mailto:edyeung@iastate.edu).

Edward S. Yeung, Ph.D.  
Secretary-Treasurer, HPLC, Inc.
